

# InterDrone

The Largest Commercial Drone Event in North America  
September 5-7, Rio Hotel, Las Vegas

The SURVEYING AND MAPPING track at InterDrone will dive into photogrammetry, point clouds, topographic surveys, building orthomosaics, cadastral and corridor surveying techniques, volumetric collection and calculations, and more! Over 3 days, you'll learn about state of the art tools and solutions for these tasks. Meet face to face with the most innovative vendors reshaping the industry.
